Tshepo Floyd Kgatle is an Innovative Educational Mentor with broad-ranging track records in Mathematics and Science. A founder and director of two Educational Organizations (*Forever Trots Edu Mathematical Scientific Solutions (Pty) Ltd* and *Trots Maths and Science development (NPC)*). He is a committed, accountable, ethical group, a strategic and analytical thinker.

Masego Caroline Komane is a sophisticated young woman, and fantastic tutor of Mathematics and Science. She is also a director in both educational Organizations (*Forever trots Edu Mathematical Scientific Solutions (Pty) Ltd* and *Trots Maths and Science Development (NPC)*). She is very passionate about the subjects she guides, and she brings the enthusiasm into the tutorials.

Forever Trots Edu Mathematical Scientific Solutions is a private organization that was registered in 2013 and has been running for more than 10 years, during this year's it has been able to train and assist many learners to improve their work and school results.

Trots Maths and Science Development is a Non-profit Company that was registered in 2010 and has been running for more than 12 years, helping schools with educational support programs in all subjects.

Both Organization teams make a positive difference in the community through educational interventions and are committed to ensure that learners qualify for learnerships and obtain university exemption. We have the Best, Qualified Tutors with their unique ability to train Students in Mathematics and Science at Primary, Secondary and Tertiary Level.

Our Services

Our learner programmes have been very successful and in certain cases we have achieved improvements in year-end results. Through our learner programmes we have assisted in improving the results of many learners across Ga-Rankuwa and other places to date. Our highly qualified staff know where to focus their training to make sure learners achieve excellent results.

We understand the frustrations that learners experience and we know which areas require the most guidance and improvement. We provide them with world-class material and solutions to empower them to focus and study at home.

Helping our learners to achieve better results is imperative as we all need to work collaboratively to create a better livelihood for future generations.

What we do:

Forever Trots Edu Mathematical Scientific Solutions (Pty) Ltd

We do Mathematical and Scientific Development Programme for learners from Grade 5 to 12 on Saturdays, during holidays and Aftercare programs in Ga-Rankuwa and other places.

Trots Maths and science development (NPC)

The organization work with the schools around Ga-Rankuwa to develop the teachers and help the learners to achieve very good results every year in all the subjects. We Focus on learners not only to help them achieve better results, but it also to ease the workload of the teachers. Our objectives are as follows:

- ✔ To facilitate the provision of a conducive environment for teaching and learning.
- ✔ To improve school's functionality through building capacity of the school management team and teacher.
- ✔ To improve learner's performance, and
- ✔ To promote parental involvement.
